

## Assembly Bill No. 354

### CHAPTER 434

An act to amend Section 120325 of, and to amend, repeal, and add Section 120335 of, the Health and Safety Code, relating to vaccinations.

[Approved by Governor September 29, 2010. Filed with  
Secretary of State September 29, 2010.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 354, Arambula. Health: immunizations.

Existing law prohibits the governing authority of a school or other institution from unconditionally admitting any person as a pupil of any private or public elementary or secondary school, child care center, day nursery, nursery school, family day care home, or development center, unless prior to his or her first admission to that institution he or she has been fully immunized against various diseases, including hepatitis B, pertussis (whooping cough), and varicella (chickenpox), and any other disease deemed appropriate by the State Department of Public Health, taking into consideration the recommendations of specified entities.

This bill would add to these entities the American Academy of Family Physicians.

This bill would also, in part, remove certain of the age and date restrictions.

Existing law makes these provisions, as they relate to varicella (chickenpox), operative only to the extent that funds are appropriated in the annual Budget Act, and authorizes the department to adopt emergency regulations, as specified.

This bill would, regarding the varicella (chickenpox) provisions, delete the requirement that it be operative only to the extent that funds are appropriated in the annual Budget Act, and delete the department's authorization to adopt emergency regulations.

Existing law prohibits the governing authority from unconditionally admitting, or advancing, a pupil into the 7th grade unless the pupil has been fully immunized against hepatitis B.

This bill would delete immunizations against hepatitis B as a 7th grade admission or advancement requirement and would, instead, prohibit the governing authority from unconditionally admitting, or advancing, a pupil into the 7th and, for one year, the 8th through 12th grades unless the pupil has been fully immunized, as prescribed, including, but not limited to, having received all pertussis boosters appropriate for that age.

By requiring school districts to comply with these requirements, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

*The people of the State of California do enact as follows:*

SECTION 1. Section 120325 of the Health and Safety Code is amended to read:

120325. In enacting this chapter, but excluding Section 120380, and in enacting Sections 120400, 120405, 120410, and 120415, it is the intent of the Legislature to provide:

(a) A means for the eventual achievement of total immunization of appropriate age groups against the following childhood diseases:

- (1) Diphtheria.
- (2) Hepatitis B.
- (3) Haemophilus influenzae type b.
- (4) Measles.
- (5) Mumps.
- (6) Pertussis (whooping cough).
- (7) Poliomyelitis.
- (8) Rubella.
- (9) Tetanus.
- (10) Varicella (chickenpox).

(11) Any other disease deemed appropriate by the department, taking into consideration the recommendations of the Advisory Committee on Immunization Practices of the United States Department of Health and Human Services, the American Academy of Pediatrics, and the American Academy of Family Physicians.

(b) That the persons required to be immunized be allowed to obtain immunizations from whatever medical source they so desire, subject only to the condition that the immunization be performed in accordance with the regulations of the department and that a record of the immunization is made in accordance with the regulations.

(c) Exemptions from immunization for medical reasons or because of personal beliefs.

(d) For the keeping of adequate records of immunization so that health departments, schools, and other institutions, parents or guardians, and the persons immunized will be able to ascertain that a child is fully or only partially immunized, and so that appropriate public agencies will be able to ascertain the immunization needs of groups of children in schools or other institutions.

(e) Incentives to public health authorities to design innovative and creative programs that will promote and achieve full and timely immunization of children.

SEC. 2. Section 120335 of the Health and Safety Code is amended to read:

120335. (a) As used in this chapter, but excluding Section 120380, and as used in Sections 120400, 120405, 120410, and 120415, the term “governing authority” means the governing board of each school district or the authority of each other private or public institution responsible for the operation and control of the institution or the principal or administrator of each school or institution.

(b) The governing authority shall not unconditionally admit any person as a pupil of any private or public elementary or secondary school, child care center, day nursery, nursery school, family day care home, or development center, unless prior to his or her first admission to that institution he or she has been fully immunized. The following are the diseases for which immunizations shall be documented:

- (1) Diphtheria.
- (2) Haemophilus influenzae type b.
- (3) Measles.
- (4) Mumps.
- (5) Pertussis (whooping cough).
- (6) Poliomyelitis.
- (7) Rubella.
- (8) Tetanus.
- (9) Hepatitis B.
- (10) Varicella (chickenpox).

(11) Any other disease deemed appropriate by the department, taking into consideration the recommendations of the Advisory Committee on Immunization Practices of the United States Department of Health and Human Services, the American Academy of Pediatrics, and the American Academy of Family Physicians.

(c) Commencing July 1, 2011, notwithstanding subdivision (b), full immunization against hepatitis B shall not be a condition by which the governing authority admits or advances any pupil to the 7th grade level of any private or public elementary or secondary school.

(d) Commencing July 1, 2011, the governing authority shall not unconditionally admit or advance any pupil to the 7th through 12th grade levels, inclusive, of any private or public elementary or secondary school unless the pupil has been fully immunized against pertussis, including all pertussis boosters appropriate for the pupil’s age.

(e) The department may specify the immunizing agents which may be utilized and the manner in which immunizations are administered.

(f) This section shall become inoperative on June 30, 2012, and as of January 1, 2013, is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

(g) The department may adopt emergency regulations to implement subdivisions (c) and (d) including, but not limited to, requirements for documentation and immunization status reports, in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this subdivision shall remain in effect for no more than 180 days.

SEC. 3. Section 120335 is added to the Health and Safety Code, to read:

120335. (a) As used in this chapter, but excluding Section 120380, and as used in Sections 120400, 120405, 120410, and 120415, the term “governing authority” means the governing board of each school district or the authority of each other private or public institution responsible for the operation and control of the institution or the principal or administrator of each school or institution.

(b) The governing authority shall not unconditionally admit any person as a pupil of any private or public elementary or secondary school, child care center, day nursery, nursery school, family day care home, or development center, unless prior to his or her first admission to that institution he or she has been fully immunized. The following are the diseases for which immunizations shall be documented:

- (1) Diphtheria.
- (2) Haemophilus influenzae type b.
- (3) Measles.
- (4) Mumps.
- (5) Pertussis (whooping cough).
- (6) Poliomyelitis.
- (7) Rubella.
- (8) Tetanus.
- (9) Hepatitis B.
- (10) Varicella (chickenpox).

(11) Any other disease deemed appropriate by the department, taking into consideration the recommendations of the Advisory Committee on Immunization Practices of the United States Department of Health and Human Services, the American Academy of Pediatrics, and the American Academy of Family Physicians.

(c) Notwithstanding subdivision (b), full immunization against hepatitis B shall not be a condition by which the governing authority shall admit or advance any pupil to the 7th grade level of any private or public elementary or secondary school.

(d) The governing authority shall not unconditionally admit or advance any pupil to the 7th grade level of any private or public elementary or secondary school unless the pupil has been fully immunized against pertussis, including all pertussis boosters appropriate for the pupil’s age.

(e) The department may specify the immunizing agents which may be utilized and the manner in which immunizations are administered.

(f) This section shall become operative on July 1, 2012.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
